# New Star Soccer G-Story App for Reluctant Readers

Lochgelly Centre 4pm | Tickets £10 | CPD Session for Teachers

As children, we all imagined what it might be like to be famous. For boys, and increasingly girls, that dream centres around football. Imagine – it's your name being chanted from the terraces as you bend in a last minute free-kick at Hampden Park! The New Star Soccer G-Story turns kids into heroes in their own football adventures. Combining reading with game-play it supports and encourages reluctant readers. New Star Soccer G-Story feels like a choose-your-own adventure story but with game-style successes to encourage kids to keep reading. Crucially it embeds the child's name into the story so they really are the hero! Steve Barlow and Steve Skidmore – both ex-teachers (drama & LSS) have worked with reluctant readers for over 20 years. In this session they will demonstrate this new iOS and Android App and discuss how it can support your children. It's a game with reading – an e-book with games and a new fun way to encourage children aged 7–11 to read.
